

# IMPROVING GLOBAL FOOD SYSTEMS

---

Transforming Food and Agriculture  
Enhancing Communities' Food Security  
Enriching Food Networks

**ARRELL  
FOOD INSTITUTE**

AT THE UNIVERSITY OF GUELPH

# ARRELL FOOD INSTITUTE'S THEMES:

- Transforming Food and Agriculture
- Enhancing Communities' Food Security
- Enriching Food Networks

Learn more about food systems: ➤ 

Arrell Food Institute activities are shaped by needs within the food system:

## Awards

The Arrell Global Food Innovation Awards are cash prizes recognizing global leaders in food research and community impact.

## Scholarship

Graduate students who receive an Arrell Scholarship engage in experiential learning and embark on important research at Canada's Food University.

## Summit

People from across the agri-food sector participate in the Arrell Food Summit gaining new insights and building connections.

## Research

Arrell Chairs are international experts, conducting world class research on food.

**Arrell Scholars get a unique experience that provides them with workplace ready training, opportunities to collaborate with community partners and connections with industry leaders.**

NEW in 2023: ▼

## Loblaw Net-Zero Food Systems Challenge

A cohort of graduate students from across Canada will be assembled to develop solutions that build a carbon neutral food system.

## Ag-tech Innovation Strategy for Canada

Convening reflections from a wide range of innovations that could support sustainable food systems, ensuring social impacts are considered.

## Next Green Revolution

With RBC and BCG, developing a series of thought-provoking reports on topics necessary to increasing sustainability of food systems.

## Food Day Canada

Building on the legacy of Anita Stewart, developing a refreshed focus for celebration, reflection and action on food.

## Arrell Chairs conduct food research at the University of Guelph:

**Evan Fraser**  
AFI Director

**Maria Corradini**  
Arrell Chair in  
Food Quality

**Philip Loring**  
Arrell Chair in Food,  
Policy and Society

**Simon Somogyi**  
Arrell Chair in  
Business of Food

Arrell Food Institute brings people together to conduct research, train the next generation of food leaders and shape social, industrial and government decisions, always ensuring food is the central priority.
